EDUCATION

Nirma University B.Tech - Electronics And Communication Engineering CGPA: 8.13 / 10.00	2016 - 2020
Institute of Technology - Nirma University B.Tech. (Minor) - Computer Engineering Aggregate: 8.33 / 10.00	2017 - 2020
Gujarat Secondary and Higher Secondary Education Board, Gandhidham 12 th GSEB Aggregate: 88.92 / 100.00	2016
Gujarat Secondary and Higher Secondary Education Board, Gandhidham 10 th GSEB Aggregate: 89.67 / 100.00	2014

INTERSHIPS

Oil and Natural Gas Corporation, Sabarmati Key Skills: SCADA Wireless Communication	May 20, 2019 - July 10, 2019
---	------------------------------

PROJECTS

Design and simulation of analog front end of AGC amplifier using 45nm technology node in cadence VLSI tool Mentor: Prof. Dipesh Panchal Team Size: 2 Key Skills: Cadence Virtuoso	July 29, 2019 - Nov. 25, 2019
16-bit RISC processor implementation on FPGA Mentor: Dr. Dhaval Shah Team Size: 1 Key Skills: MIPS RISC FPGA Verilog	July 15, 2019 - Oct. 31, 2019
Smart server power supply monitoring & indicator system Mentor: Dr. Vijay Savani Team Size: 2 Key Skills: C XML HTML CSS Hardware Programming o Language/Software/Hardware: NodeMCU ESP8266, NI Multisim, Current detector sensor, XML, PHP o As part of Mini project-2, developed power supply monitoring and indicator system of servers in the work station. The system detects power failure and generates a real-time log file in a database in XML file format.	Jan. 1, 2019 - May 10, 2019
Digital IC tester with MATLAB GUI Mentor: Dr. Vijay Savani Team Size: 2 Key Skills: C Arduino programming MATLAB As part of mini project-1, developed an IC tester which can detect IC number automatically & find any fault in a pin if any. The circuit interfacing was via Arduino & controlled with MATLAB/Python GUI.	June 1, 2018 - Dec. 17, 2018

Digital tachometer

June 14, 2017 - July 17, 2019

Mentor: Dr. Ruchi Gajjar | **Team Size:** 2

- o Language/Software/Hardware: 555 timer, IR sensor & seven-segment display
- o Designed a digital rpm counter for contactless measurement of rpm for industrial applications.

Tour operator management system

June 13, 2017 - June 27, 2019

Mentor: Prof. Kavita Tewani | **Team Size:** 3

Key Skills: CPP

Bluetooth controlled Arduino based car

March 8, 2017 - April 19, 2017

Team Size: 1

Key Skills: Arduino Programming

- o Language/Software/Hardware: Arduino, L298 motor driving module, HC-05 Bluetooth module
- o Developed Bluetooth operated driving car with range of around 30 meter & 8 hours working capacity. The Bluetooth connectivity was established via HC-05 module & third party android app.

Tic-Tac-Toe game

Aug. 9, 2016 - Sept. 1, 2019

Team Size: 1

Key Skills: C

ACHIEVEMENTS

- o 1st rank in Gujarat (Vedic Mathematics Competetion, Vidhyabharti Group of Schools)
- o 1st prize in Verilog Competetion in NU-TECH'19, Nirma University

SEMINARS / TRAININGS / WORKSHOPS

Machine Learning Summer School

Institute Name: Dhirubhai Ambani Institute of Information and Communication Technology

Key Skills: Machine Learning

Testing & Verification of VLSI Design

Institute Name: Institute of Technology - Nirma University

Key Skills: VLSI Cadence Testing System Verilog Verification VHDL

Six Sense IOT Workshop

Institute Name: Indian Institute of Technology, Bombay

Key Skills: MATLAB IOT

Back End VLSI Design

April 5, 2019 - April 6, 2019

Institute Name: Institute Of Technology, Nirma University

Key Skills: Cadence Virtuoso VLSI

EXTRA CURRICULAR ACTIVITIES

- o Technical Head, ISTE Students' chapter-Nirma University, 2018-2019
- o Executive Committee Member, ISTE Students' chapter-Nirma University, 2017-2018

PERSONAL INTERESTS / HOBBIES

- o Swimming, Meditation

WEB LINKS / IMs
